### IMPORTANT ORDERING & INSTALLATION INFORMATION

- 3-sided integral tile flange to facilitate installation.
- Single threshold design.
- 3.5" drain opening pre-drilled.
- Drain finish options on this sheet are upcharge prices only. Contact MTI for ordering details for drain kits sold separately.
- Compliant with ASTM C 1028-07 coefficient of friction test.
- Add proper wet-bedding compound to fully support bottom of shower base. Optional factory installed Pre-Levelled Foam Base negates the need to wet bed when installing on a flat, level subfloor. See installation instructions.

• Options and accessories may be packaged inside the box. Always check packaging before discarding.  
• All product measurements are ±1/2".  
• Specifications and configurations are subject to change without notice.  
• Measurements herein supersede all others published prior to publication date below.

See the Installation & Operation Manual for more details.
